Rack &amp; Server Rack

## Horizontal Cable Guide Panel with Cover

### Description

19-inch panel for cable routing and management. Its quick-release front cover allows for the concealment of front-facing cabling within the rack. Quick-release cover made of injection-molded PA. Quick-release rear locking system.

### Applications

The horizontal cable management panel with a cover makes wiring and installation in racks and server racks easier.

### Regulations

- Standard EIA-310-D
- RoHS Directive
- IEC 60297-2 / 60297-3
- CE Conformity

### Advantages

- Warranty: 5 years

### Technical Specifications
