

IEC CLASS A ++ CONNECTORS

BEYOND YOUR EXPECTATIONS

C95 H EK · C95 M EK

This range of IEC 9,5mm 90° connectors are manufactured in a single piece with no-opening continuous shielding. This patented design by EK gives them the highest shielding on the market (Class A ++).

Conical shape to facilitate cable entry

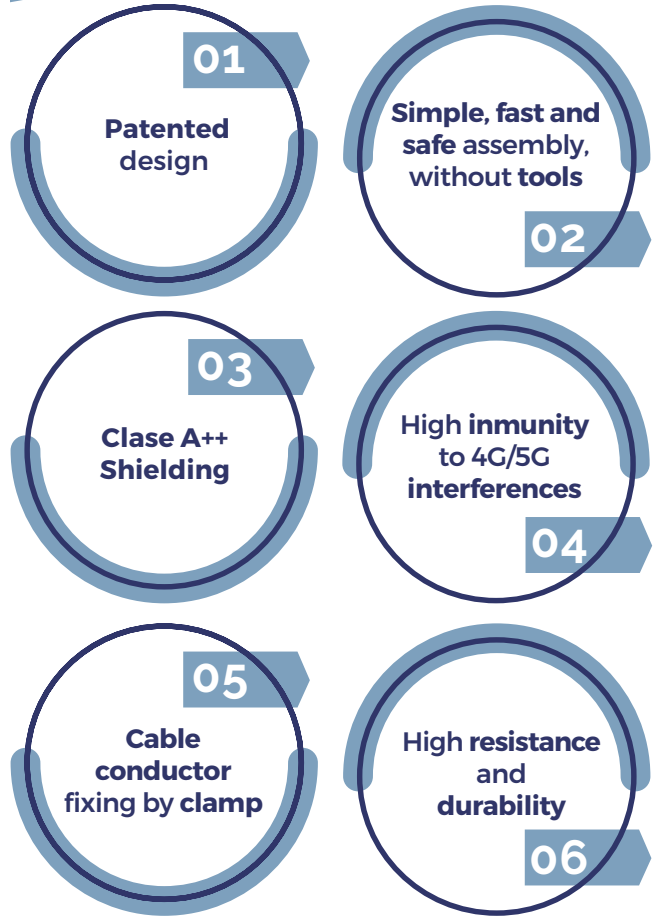

C95 H EK

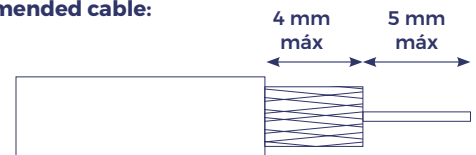

C95 M EK

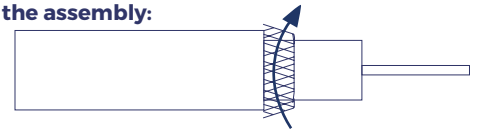

Ergonomic grip to facilitate the assembly

Paring recommended cable:

Coil the braiding wires around the dielectric to facilitate the connector the assembly:

TECHNICAL INFORMATION

REFERENCE		C95 M EK	C95 H EK
Code		162018	162019
Frequency	MHz	5-2300	
Shielding	dB	Clase A++ 105	
Impedance	Ω	75	
Type		IEC male	IEC female
Cable diameter	mm	6,6 - 6,9	6,6 - 6,9
