

POWER SUPPLY WITH PROGRAMMING MODULE AND REMOTE CONTROL FA 524

High-efficiency power supply
With protection fuses against mains overload
It allows the programming and remote control of the full headend

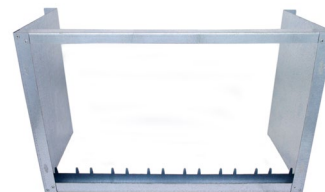

REFERENCE		FA 524
Code		080003
Input voltage	Vac	90-253
Input frequency	Hz	50-60
Output voltage	Vdc	5
Maximum power	A	24
Potencia máxima	W	120
Type		Modular
Working temperature	°C	0-45
Programming port		USB Connector
Telecontrol port / programming		RJ45 Connector
Programation		Via PC using "CM Management" software

FA 524

Supports:

REFERENCE	CH3 TR	CHM TR	CHR TR
Code	220005	080005	080006
Description	Wall-mount support, 3 units	Wall-mount support, 7 units	Rack-mount support, 7 units
Number of modules	2 + PSU	6 + PSU	6 + PSU
Installation	Wall		Rack 19"
Hight in rack 19" units	-	-	6 U
Dimensions	187x265x26 mm	427x265x26 mm	475x265x200 mm
Material	Galvanized iron
