## Ek ROLLER

**PATENT  
PENDING**

**Ek ROLLER** is a new concept of cable dispenser patented by EK that presents unique advantages in the market. Its low weight and size allows it to be stored in the toolbox and it makes it very easy to use in any situation and environment. Thanks to its robust steel structure, supports both light reels of less than 1kg and reels of more than 30kg

- ✓ The quick fixing system to the fiber optic distribution kit boxes allows an easy and toolless swap in just two seconds
- ✓ EK ROLLER allows not only the unwinding of cable by simply pulling it, but also makes it easy the tedious task of winding the excess cable at the end of the installation
- ✓ The EK reels compatible with EK ROLLER also consist of an innovative system that prevents the excess cable from becoming entangled and guarantees a fluid unwinding of the same
