Wireless outdoor siren

User manual

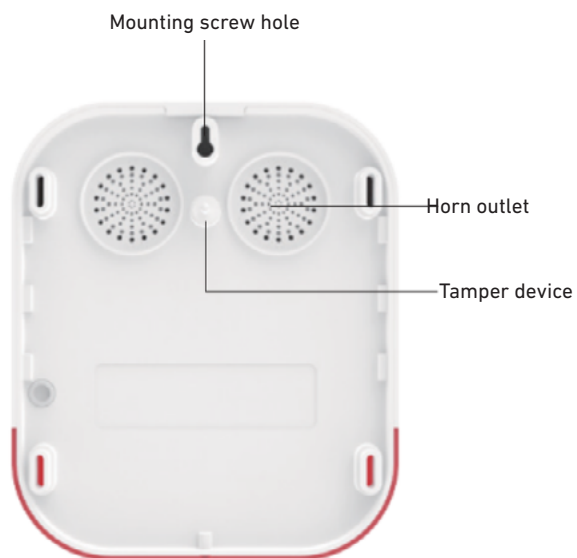

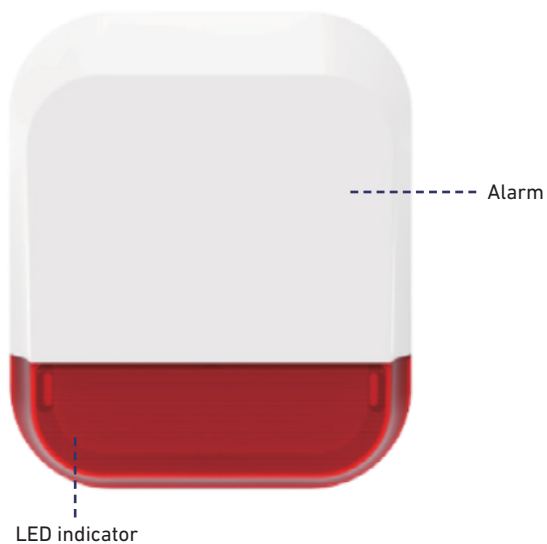

Product Overview

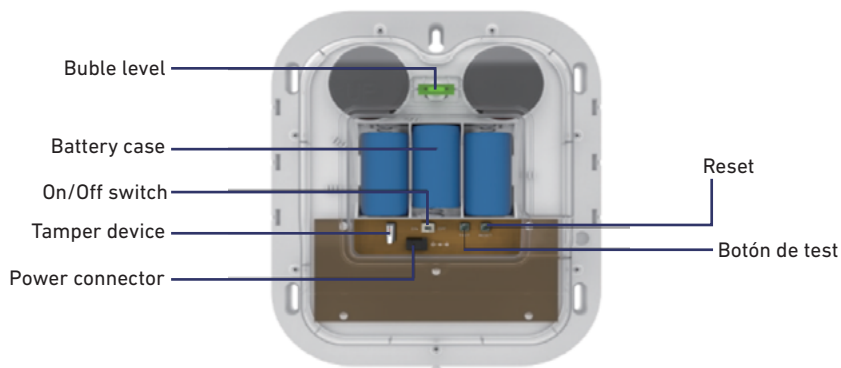

The wireless outdoor siren is an accessory of smart alarm system. It is an extremely powerful 115dB outdoor siren and could work for 12 months standby by 3 x D(LR20) dry cells. Mounting it on the outside of the house can show potential burglars that your house is alarm-proof. It is easy to set up, reliable and safe. With core microprocessor and tamper device, it will alarm and push will be showed in App when it is tampered. The system would inform users to replace the battery by App when the siren is in low battery.
